

Kristina Halbig

QA Lead

Philadelphia, PA | 201-232-8213 | kristinadhalbig@gmail.com | [linkedin.com/in/khalbig](https://www.linkedin.com/in/khalbig) | <https://fragariachemist.github.io/>

QA lead for LIMS and laboratory software with nearly 9 years of prior experience as an analytical chemist in regulated labs. Wrote 310+ test cases, logged 100+ defects and built the QA workflow 15 developers use, bringing a scientist's eye to data integrity and real lab workflows.

SKILLS

Testing and Quality Assurance: Test planning and strategy, test case design, functional, regression and usability testing, user acceptance testing, defect tracking and triage, backlog grooming, release readiness, QA documentation, Agile

Platforms and Tools: Azure DevOps (Test Plans, Boards, Dashboards), Microsoft Power Apps, Dataverse, LIMS, SharePoint, Teams

Test Automation: Playwright, Postman

Laboratory and Compliance: Method validation, LC-MS, ISO 17025, SOP writing and audits, data integrity

Data: Python, SQL, pandas, Excel, Tableau

EXPERIENCE

SynapticSci

Philadelphia, PA | 03/2025 - Present

Laboratory Informatics Scientist (QA Lead)

Azure DevOps, Microsoft Power Apps, Dataverse, LIMS, Test Strategy, Playwright

- Own test strategy and release sign-off for 3 Power Apps LIMS platforms serving general, veterinary and transportation labs.
- Wrote 310+ manual test cases across 70 suites, with 20 reusable shared-step libraries, and logged 100+ defects.
- Established a company-wide QA workflow for 15 developers covering test handoffs, bug logging, grooming and reporting.
- Built a cross-project Azure DevOps dashboard that flags unassigned, high-priority and aging testing tasks and bugs.
- Drove end-to-end testing of 5 new features, from first build through release.
- Reorganized the Azure DevOps test area by workflow, feature and regression; wrote QA documentation and standards.
- Developing automated regression tests with Playwright and Postman (AI-assisted with Claude) to run on every code update.

Hack for LA

Remote | 05/2024 - 03/2025

Data Analyst Volunteer

Data Exploration, Dataset Evaluation, Excel

- Analyzed and catalogued 85 datasets from the LA City Controller website in Excel, identifying key resources for future civic data projects.

Encore Labs

Pasadena, CA | 07/2018 - 02/2024

Senior Analytical Chemist

LIMS Implementation, User Acceptance Testing, Quality Control, Data Review

- Defined lab requirements with developers for the QBench LIMS rollout and performed user testing after deployment, reducing data errors from 15% to less than 5%.
- Led data review for over 10,000 data points per day, supporting 270 clients and \$600K in monthly revenue.
- Trained analysts and lab supervisors on instrumentation and data review, increasing department productivity by 14%.

The J.M. Smucker Company

Burbank, CA | 06/2015 - 07/2018

Analytical Chemist

Regulatory Compliance, Audits, ISO 17025, Data Analysis

- Conducted regulatory audits, ensuring compliance with 75 SOPs and assisting with ISO 17025 accreditation.
- Managed data analysis for ingredient datasets across 100 product lines, processing 20 samples daily.
- Performed cost analysis, resulting in \$140,000 annual savings through optimized purchasing processes.

PROJECTS

Ravelry Knitting Pattern Recommender

05/2024 - 07/2024

Python, Streamlit, API Scripting, NLP (spaCy)

- Built a Streamlit app that recommends 5 similar knitting patterns from 15,000 patterns collected through the Ravelry API.
- Wrote a diagnostic script that checks each recommendation's distances and feature values to verify results.

EDUCATION

California State University, Northridge – *Bachelor of Science (BS) in Chemistry*

General Assembly

Data Science Immersive Certificate of Completion

Northridge, CA

Remote | 03/2024 - 06/2024
